

Are you diabetic? Do you want to know if you are diabetic?

We are looking for diabetics who are **NOT** currently on medication for a Type II diabetes research study. Volunteers must be between 18 and 80 years of age, diagnosed with Type II diabetes, and unable to control diabetes with diet or exercise. If you do not know if you are diabetic, call us to sign up for a diabetic / health screening at no cost.

Compensation up to \$40 per visit (up to \$480) will be provided to qualified participants.

Study volunteers also receive the following at no cost:

- Physical exams and lab work
- Investigational medication
- Electrocardiograms (ECGs)
